FACULTY POSITION IN THEORETICAL HIGH ENERGY PHYSICS

Department of Physics and Astronomy
Purdue University

The Department of Physics and Astronomy at Purdue (www.physics.purdue.edu) seeks applications for a faculty position at the level of Assistant Professor in the field of theoretical high-energy physics. The areas of current interest in the Department include string theory and applications, phenomenology of and beyond the standard model, and theoretical cosmology. Candidates are required to have a doctoral degree in physics or related field and a documented record of research accomplishments. Candidates are expected to develop a vigorous research program, supervise graduate students, and teach undergraduate and graduate level courses. Applicants should send a curriculum vitae, publication list, a brief statement of present and future research plans, a statement of teaching philosophy and arrange for three letters of recommendation. Electronic submission is preferred: https://www.physics.purdue.edu/searches/app/. Questions regarding the position and search should be directed to either Martin Kruczenski (markru@purdue.edu) or Sergei Khlebnikov (skhleb@purdue.edu). Applications completed by December 18, 2015 will be given full consideration, although the search will continue until the position is filled. A background check is required for employment in this position.

Purdue University is an EEO/AA employer. All individuals, including minorities, women, individuals with disabilities, and protected veterans are encouraged to apply.
